Book 1

Time to Talk

Lesson 20 _ What Can Robots Do?

- Warm-up questions

What can a robot do?

Can it do these things?

- **Read and learn**

What Can Robots Do?

Have you heard of robots washing dishes? How about robots fixing cars and playing the piano? Yes, it's true. Nowadays, robots can already do these things.

Robots **have already taken** over some human **responsibilities** for the past years. Some **inventions** can already be **cashiers**, soldiers, and even chefs. Yes, robots can cook too.

- **Learn some new words**

responsibility

a duty to take care of something

invention

something that is newly created

cashier

a person whose job is to handle payments for something

- **Read and learn**

The world's first **robotic** chef is Moley. It is made to move in every house's kitchen. It can cook dishes from different parts of the world. You just have to **download recipes** on it and provide the ingredients. Then, it will cook for you. Also, its hands will clean everything when it finishes cooking.

Some people would pay \$15,000 for Moley. But do you think it's worth it to buy Moley?

- **Learn some new words**

robotic

something like a robot or machine

download

to send a computer file from one computer to another

recipe

a set of instructions telling how to prepare and cook food and a list of what are needed

- Look for the answers in the box.

responsibility

cashier

download

robotic

recipe
